## PGM BULLETIN

April 2010

**PGM Students, Alumni and Friends,**

Another year has gone by and so quickly! We are in the thick of finals this week and our students are just about to embark on a new summer internship experience. It has been a great spring semester for the program, starting with five new students joining us in January. We began the semester with our annual trip to the PGA Merchandise Show in Orlando, where we formed an excellent relationship with world renowned courses in Scotland such as St. Andrews Links, Gleneagles, and Turnberry. We will have students interning at these facilities this summer and hopefully many more in the future.

In February, we held the first annual Founder's Cup tournament for PGM alumni and students, to commemorate the accreditation of our program in 1999. Tour Player and FSU alum Kenny Knox joined the founders Ken Creely and Robert Brymer to play in the event.

The students were busy the rest of the semester studying for checkpoint, playing in tournaments and attending all kinds of program events. In April, our students participated in the Florida Disabled Outdoors Association where they helped disabled children play a fun game of nerf golf at the annual Sportsability event at Ochlockonee State Park and Tallahassee Community College. This semester the students played in the most tournaments ever including an outing at Camp Creek and Sharks Tooth on the FL panhandle and a major at TPC Sawgrass.

Once again, I am sad to see our seniors go but am excited for their future. They will all excel in the golf industry and in life! Have a great summer everyone!
